Weber County Attorney's Office Force Investigation Team Involved:

Investigator Steve Zaccardi- HTF Commander (WCAO)

Overview/ Summary

Involved: Deputy Caleb Rivera (Weber County Sheriff's Office)

Involved: Sgt Craig Tillet (Morgan County Sheriff's Office)

Subject/deceased: Cody Hadley,

Witness: Richard Hansen

Witness: Shannon Hansen

Witness: Amanda Hadley

Deputy Caleb Rivera of the Weber County Sheriff's Office was dispatched to the residence of A 911 phone call had come in to Weber Consolidated Dispatch at 22:40 hrs, reporting there was a male with a gun outside of the house and was on top of a travel trailer. The caller also reported that shots had been fired by this male.

Deputy Rivera stopped just short of the area of this residence and waited for a backup officer. Sgt Craig Tillet of the Morgan County Sheriff's Office arrived and both he and Deputy Rivera approached the residence.

A male was observed standing between two trailers in the front yard. Commands of compliance were yelled by Deputy Rivera to the male whose feet were visible but the rest of his body was concealed.

The male then came out from between the two trailers and started running towards Deputy Rivera. The male had a semi-automatic handgun in his right hand. Deputy Rivera fired rounds from his AR 15 department issued rifle. Sgt Tillet fired rounds with his 40 caliber department issued handgun. The male was struck multiple times and fell to the ground. Medical was summoned to the scene and he was pronounced deceased. The male was later identified as Cody Hadley, .

Hadley's wife was contacted and it was learned that Hadley had been distraught and was under the influence of methamphetamine.

Investigation

I was contacted by Chief Investigator Steve Zaccardi and advised that an officer involved critical incident had taken place in Huntsville and we were being summoned to investigate the incident per Weber County Protocol.

I arrived on scene and checked in with the Utah Highway Patrol Officer who was scene security. I then entered into the inner crime perimeter. I spoke with Investigator Zaccardi who gave me a synopsis on the incident. A deceased white male was lying face up on the grass of the residence. He had basketball type shorts on but no shirt. I was advised that medical did not cut anything off of him and

that was how he looked when he was first observed by the complainant. The male suspect had not been identified at this point.

I was advised that there was two deputies involved in this incident. Deputy Caleb Rivera of the Weber County Sheriff's Office and Sgt Craig Tillet of the Morgan County Sheriff's Office. Richard and Shannon Hansen were the people who owned the property and had made the 911 phone call were inside the residence. Investigator Zaccardi went to speak with them while I met with CSI personnel who advised me of what had been identified so far.

The residence of _____ in on the corner lot of _____. There were two trailers parked on a gravel driveway in front of the residence. One was a travel trailer and the other was an enclosed equipment type trailer. There was also a vehicle parked in front of the two trailers. The gravel driveway was circular going from _____ around to connect to _____.

A Weber County Sheriff's Office patrol truck was parked partially on the front lawn of the residence with its rear wheels still on _____. The patrol vehicle was facing the residence and had the overhead "take down" lights on illuminating towards the trailers in the driveway. This would be Deputy Rivera's vehicle.

A Morgan County Sheriff's patrol SUV was parked northeast of the residence on _____ facing south. This would be Sgt Tillet's vehicle. See photo below.

Nearby where Sgt Tillet's patrol vehicle was parked were five empty .40 caliber bullet casings that were found on the ground. There were seven empty .223 bullet casings near Deputy Rivera's patrol vehicle. Cpl Slater of the Weber County Sheriff's Office advised me that Dep Rivera had deployed his patrol rifle in this incident. Dep Rivera retained the rifle and took it with him to the Fire Station.

Processing the Deputies

I arrived at the Fire Station with CSI Gerard. Both Sgt Tillet and Deputy Rivera were there. I first met with Sgt Tillet who was accompanied by Sgt Call of the Morgan County Sheriff's Office and explained the process of the investigation to him. CSI Gerard then photographed Sgt Tillet of how he looked at the time of the incident. CSI Gerard then filmed me remove Sgt Tillet's duty weapon from his holster and remove the magazine from the firearm. I pulled back the slide and one live round was chambered and removed. I then placed the chambered round on a table and then counted 9 more live unfired rounds in the magazine and also placed them on the table. CSI Grogan took photographs of the serial number to the Glock 40 caliber that had been issued to Sgt Tillet by the Morgan County Sheriff's Office. The gun was then collected into a gun box and the ammunition was also collected into an evidence bag and marked.

CSI Gerard then video recorded me remove both spare magazines from Sgt Tillet's duty belt. I counted both magazines out and placed them on the table. Both were verified as having 14 unfired .40 caliber rounds inside of them. CSI Gerard collected the ammunition and spare magazines and they were placed into evidence bags. I also collected Sgt Tillet's body camera from his person. Sgt Call advised me that the camera needed to be taken to the Morgan County Sheriff's Office to be downloaded along with the dash camera from Sgt Tillet's patrol vehicle. They both automatically download into their system when they pull into the parking lot of the Sheriff's Office. Sgt Tillet's vehicle was still on scene and would need to remain there until CSI was through processing and scanning.

Below is a photograph of Sgt Tillet and how he was dressed at the time of the incident.

I then met with Deputy Rivera who was accompanied by his FOP Attorney JC Jensen. CSI Gerard took photos of Deputy Rivera and how he looked at the time of this incident. CSI Gerard then video recorded as I took his Colt AR 15 rifle and removed the magazine that was inside of it. I pulled back the

slide and one live .223 round fell out of the chamber. I then counted the remaining unfired rounds in the magazine. It totaled 20 unfired .223 rounds in the magazine. Lt Butler of the Weber County Sheriff's Office had advised me that it is Weber County Sheriff's Office policy to carry magazines in the patrol rifles "two down" from capacity. Deputy Rivera said the magazine was a 30 round capacity magazine so by policy should have been carrying 28 rounds. This matched the seven expended .223 cartridges that had been identified at the scene by CSI.

I then removed a Deputy Rivera's 9mm Glock 17 Gen 5 from its holster. I removed the magazine and pulled back the slide. One unfired 9mm round was ejected from the chamber. I then counted 15 rounds in the magazine.

I removed the first spare magazine from Deputy Rivera's magazine pouch and counted 16 rounds of unfired 9mm rounds. I removed the second magazine from the magazine pouch and counted 16 rounds of unfired 9mm rounds. Lt Butler had also advised me that it was Weber County Sheriff's Office policy to carry all magazines in their duty sidearm at 16 rounds.

Deputy Rivera's body camera was also obtained. Below is a photograph of how Deputy Rivera looked at the time of the incident.

The trailer that was parked in the driveway had numerous bullet holes in it. There were eight bullet casings that matched the cartridges in the handgun near Hadley's body. These casing were located around the trailer and it appeared the door had been damaged by bullets to gain access.

Witness Accounts from the Hansen's

Investigator Zaccardi spoke to me about the Hansen's statements and how they had signed a consent to search for the travel trailer and surrounding property. They had told Investigator Zaccardi that they had been inside their homes when they heard a couple loud banging type noises outside and did not know what was happening. Richard Hansen went outside to find this unknown male attempting to make access to his trailer. Richard said the male was screaming about someone being inside the trailer. The male had a handgun and no shirt on. He seemed to Richard to be under the influence of drugs or alcohol.

Shannon Hansen called 911 and requested the Sheriff's Office respond and relayed to dispatch that the male had a handgun and shots had been heard from inside their residence. Shannon at one point looked out the window and saw the unknown male climbing the ladder that leads to the roof of the trailer.

Richard did not confront the male and stayed near the entrance to his house and watched the male acting erratically. When deputies arrived, Richard went into the house. They heard gun fire soon after the deputies arrived. Neither Shannon nor Richard recognized this male on their property and did not know what he was doing there.

The Hansen's said the doors to the trailer had been locked and the trailer was closed and winterized.

Identification of Cody Hadley

The Medical Examiner Investigator Jeremy Brown arrived on scene. I met with him and gave the description of what had been learned so far about this incident. The body of the male was examined and the contents of his pockets were removed. The male had a wallet that contained a Utah Driver License identifying him as Cody Hadley . It also listed Hadley as being a resident of Huntsville at the address of which was not far from the crime scene.

Investigator Zaccardi and Deputy Lewis went to this residence and found the rear door to the house was left open. Investigator Zaccardi and Dep Lewis knocked and yelled into the residence with no answer. A check into the law enforcement database listed an Amanda Hadley as Cody Hadley's spouse and a resident of . Her phone number was attempted but there was no answer.

I decided that entry should be made into the residence due to Hadley's erratic behavior and check on the wellbeing of Amanda. Investigator Zaccardi and I met with more deputies from the Sheriff's Office and we went into the residence. I went downstairs and found Amanda asleep in the northwest basement bedroom. I had a hard time getting Amanda to wake up and register that she understood law enforcement was in her residence and that she needed to speak with us. Amanda finally came to and I told her that we meet her upstairs. Amanda came upstairs and spoke with me and Investigator Zaccardi. This conversation was recorded by my digital audio recorder.

As we were making entry and looking for anyone in the house, I observed the house to be in total disrepair and had not been cleaned in some time. There was clothing and various other items on the floor with pathways in the hallway to each room. Upstairs in the kitchen there was dirty dishes with rotten food caked on them on every space on the counters and middle islands.

I explained to Amanda about who we were and apologized for being there like that. Amanda seemed dazed and possibly under the influence of narcotics. Amanda asked about Hadley but I did not tell her what had happened but advised her that Hadley had been involved in an incident with deputies and asked Amanda if there was a reason that he would have not been at his house. Amanda said they had been in a fight. Amanda then disclosed that she had been cheating on Hadley and was in love with someone else. Amanda said this has been going on for a while and she finally told Hadley last night.

I asked when the last time Amanda had seen him was. Amanda said it was about 0200 hrs. I asked what Hadley was doing when she saw him last and Amanda said he was "freaking out" and thought the person she was cheating with was outside of their house and he was going to "kill him".

I asked Amanda if Hadley was under the influence of something. Amanda said Hadley had been drinking and smoking marijuana and then admitted that Hadley had snorted methamphetamine all in the hours leading up to this. Amanda again told me that Hadley had thought that the guy she had been cheating with was sneaking around outside of their home and that Hadley was going to hurt him. I asked Amanda if she knew Hadley had a gun with him and she said she did and saw him leave the house with a silver colored handgun.

I then told Amanda that Hadley had been killed in a confrontation with deputies after he fired bullets into a trailer at a nearby residence.

Amanda was surprised and upset but was still able to speak with us. Investigator Zaccardi asked Amanda what was the name of the person that she told Hadley she was cheating on him with. Amanda said it was "Alan" who lives in Layton. Amanda repeated that she told Hadley that she was cheating on him with a guy named Alan and Hadley thought this Alan was outside so he went looking for him.

We asked if she and Hadley had any children. Amanda said they had three that were currently at Hadley's sister's house in North Ogden. I asked Amanda how long she and Hadley had been using meth. Amanda said Hadley had relapsed into meth use just last night and had not used since 2015 but "overdid it".

I had Amanda get downstairs and retrieve her cellular phone so she could call her family. Amanda then could not think of who to call. I obtained Hadley's sister's phone number. I called Stephanie and made contact due to the fact that the children were there and Amanda was obviously under the influence. I asked if family could be called to be with Amanda. Stephanie said she would call Amanda's mother.

Before we left, Amanda said she should have called the police last night but she was scared that Hadley would get in trouble.

(22:58) Medical cancels the helicopter.

(27:50) Sgt Tillet walks to his vehicle.

It should be noted that Hadley emerged from between two trailers at 13:40. The first shot can be heard at 13:42 and the last shot is heard at 13:46. During that time, Deputy Rivera shouted the command for Hadley to "drop the gun" three times.

Interview of Sgt Craig Tillet

On 10-27-20, Sgt Craig Tillet came to the Weber County Attorney's Office and met with myself and Investigator Zaccardi to give his statement. I thanked Sgt Tillet for coming in and then asked him some preliminary questions about his history in law enforcement. Sgt Tillet worked for the Weber County Sheriff's Office for twenty years before retiring. Sgt Tillet then came back into law enforcement after a year and started working for the Morgan County Sheriff's Office for the past two years and was recently promoted to the rank of Sergeant. Sgt Tillet is working in the patrol division and was assigned to work the 6 pm to 4 am shift on 10-23-20.

Sgt Tillet said he heard the dispatched call to Deputy Rivera come over the radio. Weber County and Morgan County share the same radio frequency. Sgt Tillet said he heard that there had been shots fired and Deputy Rivera's backup deputy was coming from 12th St and _____ in the lower valley. He was in the Mountain Green area and close to Trappers Loop Hwy. Sgt Tillet said he relayed to dispatch that he would be closer than the Weber County deputy and started to go over Trappers Loop Hwy to get to Huntsville.

Sgt Tillet said he activated his emergency lights and siren and hurried to get there. He heard Deputy Rivera say he was going to wait for backup before going in and was staging at _____. Sgt Tillet said he turned off Trappers Loop and turned off his lights and siren so not to alert the suspect who had the gun to police presence. Sgt Tillet reached _____ and saw a Weber County vehicle ahead of him. Sgt Tillet announced over the radio that it was him pulling up and the Weber County Deputy started driving towards the residence. Sgt Tillet followed.

Sgt Tillet said as they approached the residence, Deputy Rivera made a “button hook” maneuver as they pulled up to the house. Sgt Tillet pulled to the side of and stopped at the other corner of the property.

Sgt Tillet then recalled that just prior to his arrival, Deputy Rivera announced over the radio that he heard two gunshots as he was waiting for Sgt Tillet to arrive.

Sgt Tillet said he exited his vehicle and described how he was looking at it from the front but just enough at an angle that he could see down the right side of the trailer. Sgt Tillet said he then saw legs under the trailer from a person standing on the other side. Sgt Tillet said the person had shorts with a red stripe on them. Sgt Tillet said he started yelling at Deputy Rivera that there was a person coming towards him.

Sgt Tillet said a male came out from behind the trailer and “fixated” on Deputy Rivera and advanced straight towards him. Sgt Tillet described the suspects actions as “aggressive” and was “flailing his arms” and was running at Deputy Rivera. Sgt Tillet at that moment saw the suspect had a gun in his hand.

Sgt Tillet at this time started firing his weapon at the suspect. Sgt Tillet said he could hear Deputy Rivera also firing his weapon but does not know who fired first. Sgt Tillet said suspect suddenly stopped and then fell to the ground. They then advanced up on the suspect as he laid on the grass.

Other deputies started to show up and Sgt Tillet said the suspect was handcuffed. The trailer and the house were cleared of any other unknown participants. The property owners were save in their house. Sgt Tillet said he stayed near Hadley’s body while medical arrived and accessed him.

I asked Sgt Tillet when he saw Hadley run at Deputy Rivera with the gun in his hand, if he believed that Hadley had the intent to harm him. Sgt Tillet replied, “Absolutely”. Sgt Tillet also recalled that the handgun that Hadley had in his possession was a tan color.

Sgt Tillet also said that when Hadley started to run at Deputy Rivera, “he closed the gap” between them really fast and Sgt Tillet said he was “scared shitless” for Deputy Rivera. Sgt Tillet believed that he had to take immediate action to save Deputy Rivera’s life.

I asked Sgt Tillet if he saw Hadley raise the gun towards Deputy Rivera, Sgt Tillet described that Hadley was waving his arms all over the place as he quickly advanced towards Deputy Rivera and Sgt Tillet could see that he clearly had a gun in his hand.

Sgt Tillet spoke of getting his front sight towards Hadley and firing as he was advancing. Sgt Tillet remembered thinking, “Don’t hit Rivera”.

I asked if Hadley had said or yelled anything. Sgt Tillet said he did not remember anything being said by Haldey but recalled Deputy Rivera yelling something at him similar to “drop the gun”.

I then inquired to Sgt Tillet if he knew Cody Hadley. Sgt Tillet said he did not. I mentioned that Hadley had lived on 100 S and asked if he recalled having any interaction with Hadley when he was working for the Weber County Sheriff’s Office. Sgt Tillet said no.

I asked Sgt Tillet about when he said he was scared and to explain that. Sgt Tillet said when Hadley took off towards Deputy Rivera, he was scared for Deputy Rivera and thought that Hadley didn’t

even know Sgt Tillet was there. Sgt Tillet also spoke of being aware that he needed to make his rounds “count”. Sgt Tillet felt that the rounds he fired were in the defense of Deputy Rivera’s life.

Investigator Zaccardi inquired about hearing the initial call on the radio and Sgt Tillet confirmed that Weber County and Morgan County are on the same frequency. Investigator Zaccardi asked about seeing Hadley for the first time and telling Deputy Rivera that he could see someone. Sgt Tillet explained that he could see legs under the trailer and knew someone was on the other side standing there. They then moved forward and Sgt Tillet could see Hadley as he emerged from behind the trailer. Sgt Tillet yelled to Deputy Rivera that someone was coming out and they had shorts on.

Sgt Tillet was asked about if he had a flashlight in his hand. Sgt Tillet believed he had his flashlight in his left hand when Hadley emerged. Sgt Tillet had a TAC light mounted on his weapon but did not recall turning it on. Sgt Tillet believed he fired his weapon with his flashlight in his left hand. Sgt Tillet could not remember if he used the left hand as support as he was trained to do and then did not recall if he even had his flashlight out or not.

Sgt Tillet said he felt that he missed Hadley with the first two rounds that he fired. Sgt Tillet said he thought he saw something hit the ground but was not sure. Sgt Tillet said his third, fourth, and fifth rounds were fired as Hadley stopped advancing but Sgt Tillet did not know if his shots had hit Hadley or not.

Sgt Tillet said Hadley fell to the ground and he and Deputy Rivera stopped firing and moved up closer to him. Sgt Tillet said Deputy Rivera was asking if he could see Hadley’s gun. Sgt Tillet quickly scanned the grass and could see the gun on the ground a few feet away from Hadley.

We then played the footage from Sgt Tillet’s dash camera video. Sgt Tillet watched the video and realized that he did in fact have his flashlight out in his left hand but still did not recall doing it. Sgt Tillet had nothing further to add to his statement.

Interview of Deputy Caleb Rivera

On 10-28-20, Deputy Caleb Rivera came to the Weber County Attorney’s Office to meet with me. Deputy Rivera was accompanied by his legal representation, FOP Attorney JC Jensen.

I started by asking Deputy Rivera how long he had been in Law enforcement, Deputy Rivera said it was three years and all with the Weber County Sheriff’s Office. I then had Deputy Rivera tell me what happened in Huntsville on the 23rd.

Deputy Rivera said he was patrolling the Eden area and was notified by dispatch of a call for service at about 2230- 2245 hrs. The reported call was about a male with a gun at a residence in Huntsville. Deputy Rivera said he activated his emergency lights and siren and responded to the area. The 911 caller told dispatch that shots had been fired but it was unknown if they had hit anything.

Deputy Rivera said his backup was enroute from the lower valley but a deputy from Morgan County was also on their way over Trappers Loop. Deputy Rivera stopped short of the scene and waited for backup. While he was waiting, Deputy Rivera heard “a couple” of gunshots coming from the

direction of the residence. Dispatch advised Deputy Rivera that the 911 caller reported that there were shots fired. Deputy Rivera deployed his patrol rifle at that point.

Deputy Rivera said the Morgan County deputy arrived and followed him into the area of the residence. Deputy Rivera said he maneuvered his vehicle around to face the trailer in the driveway. Deputy Rivera said the Morgan unit stopped and was at a ninety degree angle to his right.

Deputy Rivera said he could not see anyone at first but then the Morgan deputy called out that there was somebody between the trailers. Deputy Rivera said he then saw feet below the utility trailer that was parked next to the travel trailer. Deputy Rivera stated he called out and gave commands for that person to come out with his hands up.

Deputy Rivera said a male matching the suspect description from the 911 caller stepped out from between the trailer and started towards him. Deputy Rivera said he clearly saw a handgun in the suspect's hand.

Deputy Rivera said he started yelling commands for the suspect to drop the gun. The suspect started to run at Deputy Rivera. Deputy Rivera said he raised his rifle and fired a couple of rounds and then reassessed. Deputy Rivera said the male was still advancing towards him so he fired more rounds at the suspect. Deputy Rivera said the male then fell forward onto the ground and stopped.

Deputy Rivera said Cpl Lewis of the Weber County Sheriff's Office arrived on scene about that time. Deputy Rivera said he held lethal coverage on the suspect while Cpl Lewis handcuffed the suspect on the ground.

After the suspect was secured, Deputy Rivera explained that there had been information from the caller that there could be two suspects in the trailer. Deputy Rivera and Cpl Rivera then advanced towards the trailer and cleared it of anyone else. Deputy Rivera said both doors of the trailer were open.

After searching the immediate area around the home, contact was made with the homeowner who were also the 911 callers. They were spoken with through a window and were asked to come outside. Deputy Rivera said the inside of the house was then cleared as well. No other suspects were found. Deputy Rivera said he stayed on scene until another deputy transported him to the Weber Fire Station where he stayed.

I then asked Deputy Rivera about stopping short of the residence and waiting for backup to arrive and hearing the shots come from the residence. I asked Deputy Rivera how that made him feel. Deputy Rivera said he was worried about what the person was shooting at and feared for the residents who lived there and anyone else in the area. Deputy Rivera said he was also concerned for himself because he knew he was going in.

I asked about when Deputy Rivera saw the suspect's feet and asked if he made any call out to him. Deputy Rivera said he yelled commands for the person to come out with his hands up.

I asked Deputy Rivera if he called out to the suspect when he saw the gun. Deputy Rivera said he recalled yelling multiple times for the suspect to "drop the gun". I then asked Deputy Rivera if he remembered the positioning of the gun. Deputy Rivera said the gun was pointed down when he first saw it and then the suspect looked right at him and started to run towards him. Deputy Rivera raised his weapon and found the front sight as the male continued to advance.

I asked Deputy Rivera how he felt at that moment. Deputy Rivera said he felt that if he did not take action, that this person was going to try and kill him. Deputy Rivera said he feared for his life.

I asked Deputy Rivera about when the suspect looked at him as he came out from behind the trailer. Deputy Rivera described it as the "1000 yard stare" that he had been trained about. Deputy Rivera commented that the suspect's face had no emotion and he said nothing as he rushed towards him.

I then asked Deputy Rivera if he had any prior experience of persons who exhibited this "1000 yard stare". Deputy Rivera said he had and it was with persons who were under the influence of drugs and alcohol or were having mental issues which made them extremely unpredictable.

I inquired about the first two shots that Deputy Rivera had made and about the reassessment. Deputy Rivera said he looked up and could see the suspect was still advancing and went back to the front sights of the rifle and fired again. I asked Deputy Rivera if he felt at that point that if he did not take immediate action that the suspect was going to kill him. Deputy Rivera said yes. Deputy Rivera also added that because the suspect did not stop after the first two shots and was still advancing that the suspect was determined to reach Deputy Rivera.

I asked Deputy Rivera about how long he had worked in the upper valley area and also if he had prior contact with Cody Hadley. Deputy Rivera said he had worked the upper valley when he first graduated from FTO but had then been moved to the lower valley. Deputy Rivera said he had just recently been moved back to the assigned upper valley deputy. Deputy Rivera said he had one prior encounter with Hadley when his father passed away in Huntsville two years ago. Deputy Rivera said he responded to the house but it was an attended death and he did not have to stay long. Deputy Rivera said he did not recognize Hadley at the scene.

I asked Deputy Rivera if he knew where Sgt Tillet was at the time this was happening. Deputy Rivera said he knew that Sgt Tillet was at about a ninety degree angle to his right. I asked if he knew what Sgt Tillet was doing during the incident. Deputy Rivera said he remembered Sgt Tillet calling out to the suspect and yelling commands to come out and show his hands.

At this point Deputy Rivera was shown the footage from his dash camera. I then asked Deputy Rivera if anything was different from how he recalled this incident. Deputy Rivera said he saw that he turned off his emergency lights before he arrived in the area and he didn't recall that. Deputy Rivera said he also saw how after he fired his weapon and the suspect went down that he started calling out to any other person in the trailer to come out and he hadn't remembered that until he saw it.

I pointed out that one thing that I had observed and asked him about was the positioning of Hadley's weapon and how he did not see Hadley raise the weapon with two hands in a shooting position towards him. Deputy Rivera agreed that he had not seen this but it was during the time that he was focusing on his front sight as Hadley was running towards him.

At this point that interview was ended.

Farro 3D scans

The following is an examination of images taken using a 3D scanning device. CSI scanned the crime scene area on the night of the shooting to get an accurate account of measurements. I used the images of the 3D scans and also still frame footage from the body camera and dash camera footage. I have been able to determine distances by using markings from the trailers, vehicles, and roadways.

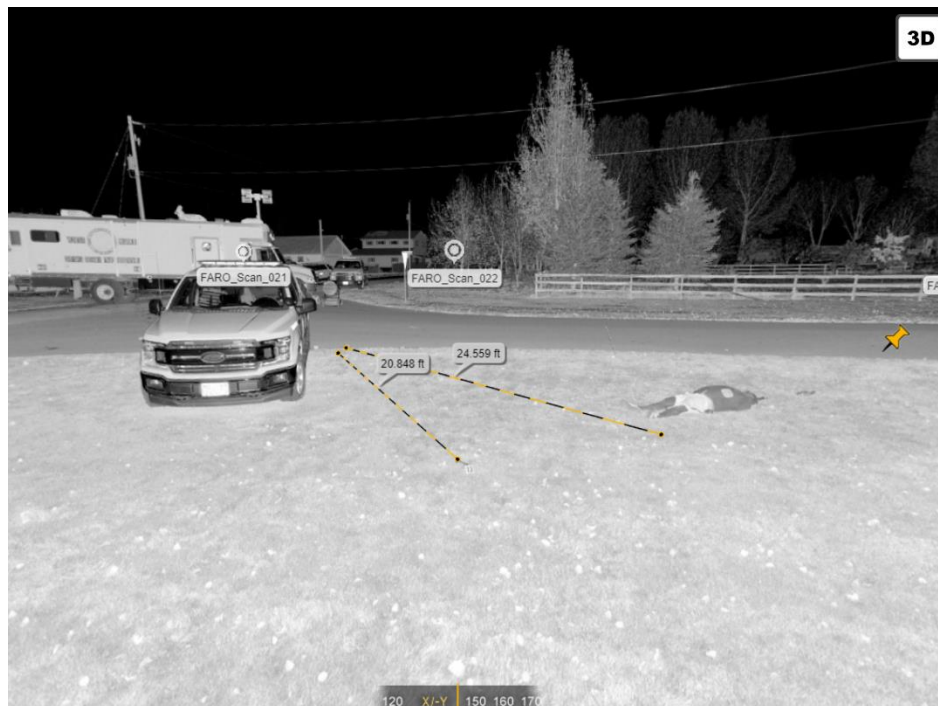

#1- 54.168 feet. Approximate Distance from where Deputy Rivera was standing to Hadley when he came out from behind the enclosed trailer and started towards Deputy Rivera.

#2- 88.683 feet. Approximate distance Sgt Tillet was firing at Hadley.

#3- 20.848 ft and 24.559 ft. Approximate distance Hadley's weapon was from Deputy Rivera and the approximate distance Hadley was from Deputy Rivera when the fatal rounds were fired.

Medical Examiner Final Report

On 02-16-21, I received the final report from the Office of the Medical Examiner for Cody Hadley. Doctor Brent Davis lists the manner of death as homicide and the immediate cause of death is multiple gunshot wounds.

The toxicology for Hadley, postmortem, femoral blood showed positive for 859 ng/ml of methamphetamine. It has been shown in studies that psychosis is common in a blood levels of 150 to 500 ng/ml.

Conclusion

On October 23rd 2020, it is documented that Shannon and Richard Hansen were inside their residence of _____, when they heard gunshots coming from just outside their home. Shannon called 911 after they both observed a male outside of their home attempting to enter their travel trailer that was parked in their driveway in front of their house. Shannon also reported to dispatch that the male had a gun and was climbing on top of the trailer claiming someone else was inside of it with his wife.

Deputy Caleb Rivera of the Weber County Sheriff's Office was on duty and assigned to patrol the upper valley area. Deputy Rivera was dispatched to respond to this address. Deputy Rivera was in the Eden area and as documented on his vehicle's dashboard camera, responded to Huntsville using emergency lights and siren and then stopped and parked his vehicle at _____ and waited for a backup deputy to arrive before approaching the scene.

Sgt Craig Tillet of the Morgan County Sheriff's Office, was on duty and was patrolling the Mt Green area. Weber County and Morgan County share the same frequency on the law enforcement radio, so Sgt Tillet heard the original call come across the radio and that Deputy Rivera was enroute. Sgt Tillet stated in his interview that backup for Deputy Rivera was coming from the lower valley and Tillet was near Trappers Loop Road that connects the two counties and could be there significantly sooner. Sgt Tillet advised dispatch that he would be responding and as documented from his vehicle's dash camera, Sgt Tillet activated his emergency lights and siren and drove over the Trappers Loop mountain pass and arrived in Huntsville and joined Deputy Rivera at _____

While waiting for Sgt Tillet to arrive, Deputy Rivera deployed his AR 15 rifle. As captured by his dash camera video, shots can be heard in the distance and Deputy Rivera is heard relaying this information to dispatch. On the recorded 911 phone call, shots can also be heard being fired outside of the Hansen's residence and Shannon expresses to the dispatcher that the shots had been fired. Dispatch confirms to Deputy Rivera that the shots that he heard were coming from this location.

Sgt Tillet arrives on scene and pulls up behind Deputy Rivera who then starts driving towards the Hansen's residence by route of southbound on _____, Sgt Tillet follows.

The Hansen's residence is on the northwest corner of _____. As Deputy Rivera arrived, he made a U-turn putting his headlights and overhead takedown lights onto the trailer that was parked in the half circle driveway that was in front of the residence. Sgt Tillet stopped just north of the residence and pulls over on the west side of _____. The trailer is visible on Sgt Tillet's dash camera along with Deputy Rivera's vehicle on the other side. Sgt Tillet exits his vehicle and starts shining lights on the backside of the trailer.

The trailer door on the south side towards Deputy Rivera was open and lights appeared to be on inside. Deputy Rivera starts to make announcements toward the trailer, commanding anyone inside to exit the trailer. Deputy Rivera and Sgt Tillet converse between them that neither see anyone.

Both Sgt Tillet and Deputy Rivera both acknowledge out loud that they see a set of feet moving between the travel trailer and an enclosed trailer that is parked parallel to the travel trailer on the south side. The set of feet are visible on both dash cameras video footage. Deputy Rivera calls out to the person to come out and show them their hands.

The feet stop moving for a moment and then begin moving forward. A white male emerges out from between the trailer wearing gym type shorts but no shirt. Both Deputy Rivera and Sgt Tillet observe a handgun in the male's hand as he starts to run towards Deputy Rivera. Deputy Rivera yells, "drop the gun!"

As the male is advancing towards Deputy Rivera, both his arms come forward into a shooting position and the handgun is pointed at Deputy Rivera.

Deputy Rivera fired his rifle twice. The male stopped and exposed his chest to Deputy Rivera and then moved in a jumping motion to his right. The gun was still in his right hand. Deputy Rivera fired five more times. The male then fell to the ground on the front lawn of the residence.

In this same time frame, Sgt Tillet saw the male come out from between the trailers and start to run towards Deputy Rivera. Sgt Tillet fired his 40 caliber Glock handgun at the male five times.

Deputy Rivera

Deputy Rivera said he deployed his AR 15 patrol rifle after he stopped short of the residence and was waiting for backup to arrive. Dispatch had advised Deputy Rivera that shots had been fired at the residence and he heard the two shots coming from the direction of the house while waiting for backup.

When Sgt Tillet arrived, they both proceeded to drive to the residence and Deputy Rivera put his lights on the south side of the trailer and could see a door was open inside the trailer. Deputy Rivera started yelling out, announcing that it was law enforcement to anyone inside the trailer. A pair of feet were seen by Deputy Rivera and he started shouting commands for that person to come out with their hands up. A male emerged and started charging towards Deputy Rivera.

In his interview, Deputy Rivera stated he saw the handgun in the male's hand as he was quickly advancing towards him. Deputy Rivera said he fired his rifle when he felt his life was in danger and that if he didn't, he would be killed.

In review of the video footage from both the body camera and dash cameras, from the time that Cody Hadley appeared from between the trailers and when the last shot was fired was approximately six seconds. In those six seconds, Deputy Rivera yelled, "drop the gun", three times and fired seven times with his AR 15.

Sgt Tillet

Sgt Tillet arrived to where Deputy Rivera had staged just northeast of the residence and then followed him to the scene. Sgt Tillet parked his patrol vehicle on the west side of just north of the residence and could see the back side of the travel trailer as he shined his lights on it. Sgt Tillet had his 40 caliber Glock handgun out as he had heard on the radio that shots had been fired at the scene.

Sgt Tillet saw a pair of feet emerge from between the two trailers and announced this knowledge to Deputy Rivera.

In his interview, Sgt Tillet said he saw a male emerge from between the trailers and clearly observed that this person had a gun in his hand. This male was now charging towards Deputy Rivera with what Sgt Tillet believed to be the intent of harming or killing Deputy Rivera. At that point, Sgt Tillet believed that he needed to take immediate action in defense of Deputy Rivera's life and also believed that if he did not, Deputy Rivera would be killed. Sgt Tillet fired five times with his 40 caliber handgun.

In review of Sgt Tillet's body camera, he yelled "hands up" to Hadley when he first observed him and then announced, "Gun" to try and warn Deputy Rivera what he was seeing when Hadley started to advance.

Cody Hadley

Cody Hadley lived just northwest of the Hansen's address and left his residence with a handgun thinking that his wife's lover was sneaking around the area. Hadley was in a drug psychosis from snorting methamphetamine and was hallucinating. Hadley believed that his wife's lover was inside the Hansen's travel trailer and fired eight 40 caliber bullets into the trailer. Hadley had a history of aggression and hallucination while under the influence of methamphetamine.

In the video footage, it is clear that Hadley emerged from between the two trailers and ran towards Deputy Rivera with a gun in his right hand. As he is advancing, Hadley brings both his arms together in a shooting position and points the handgun directly at Deputy Rivera.

Hadley was struck once in the face and once in the neck by .223 rounds both would be considered fatal. Hadley was also struck in the bottom of the right bicep which traveled through the flesh and exited. It was undetermined the caliber of bullet that struck this area and was not fatal.

In the toxicology, Hadley's blood showed positive for 859 ng/ml of methamphetamine.

All of these factors should be considered in making a determination whether Deputy Caleb and Sgt Craig Tillet were justified in using deadly force.
